---

### **Speech-Language Pathologist Assistant**

Our established speech therapy clinic is accepting applications for Speech Language Pathologist Assistants to join our team on a part- to full-time basis. Our clinic is caseload-driven, this position is busiest during the school year with the possibility of some hours during the summer months. Successful applicants will be should have at least one year of experience and post-secondary SLP-A certification, or equivalent.

The Cochrane Speech-Language Therapy Centre (CSTC) has served Cochrane, Calgary, and the surrounding area for more than 20 years. We have an outstanding team of people who provide services to preschools and families funded through Alberta Learning and Family Services for Children with Disabilities.

We offer a flexible, supportive work environment with a stellar team.

The preschools, agencies, and professionals with whom we work are committed and dedicated. We have long-standing relationships and share a service-first reputation for our professional high quality and caring services.

Applicants for our Speech-Language Pathologist Assistant position are expected to have high standards and be professionally competent.

Those who join our team also:

- Thrive whether working independently or under supervision, and thrive as part of a team
- Love working with early childhood age groups and families
- Have a true heart for service
- Thrive whether working independently or under supervision, and as part of a team
- Demonstrate excellent interpersonal skills
- Have life-experience to understand the diverse nature of a client-centered service
- Be self-motivated
- Demonstrate effective organizational, clinical reasoning, decision-making, and conflict resolution skills.
- Be eager to adapt to new concepts, techniques and best practices
